

To our passionate Bike Tour Riders & Volunteers:

When it comes to the well-being of our communities, we believe that Big Brothers Big Sisters has a social responsibility to prioritize the safety and health and wellness of our riders, volunteers, staff, and spectators.

As such, we have made the difficult decision to take the 2020 Bike Tour to a virtual platform. When considering all precautions necessary, we simply couldn't provide the quality event we have hosted in the past without potentially risking the health and safety of not just our riders but our event volunteers and all those that contribute their time to make this event possible.

Please know this decision was not made lightly, and we greatly appreciate all of those who have shared their perspectives. The Board of Directors, event committee and agency leadership took all input into consideration when making this decision.

While a virtual Bike Tour will offer a unique experience, we will be incorporating as many of the same features that people loved about the traditional event – community, celebration, a collectible event t-shirt and wonderful people coming together to change the lives of children in our community, one mile at a time.
